Dear Michael:

I enclose the paper — finally revised! It's a photocopy, but it should be ok. (The paper takes 2½ hours to print in full on my imagewriter). There's a possibility that Jeremy & I will meet tomorrow right at his place to discuss the final fine-tuning. If you're free, join us! If not, leave a message with Jeremy when you want to meet me on ~~Sat~~ Saturday (preferably, early — so that I can do the final laser write)

By the way, I've indicated the New additions — so if you're rushed, just read those parts.

Thanks!

Rob

P.S. As I said to Jeremy — I feel, myself, that the enclosed draft will probably be our last — I can't see Shimony/Green changing our minds in Minneapolis!
